

PeaceJam Belgium is part of the international PeaceJam Foundation, the only organisation in the world headed by Nobel Peace Laureates.

PeaceJam is an international education program in which Nobel Peace Laureates mentor youth to change the world.

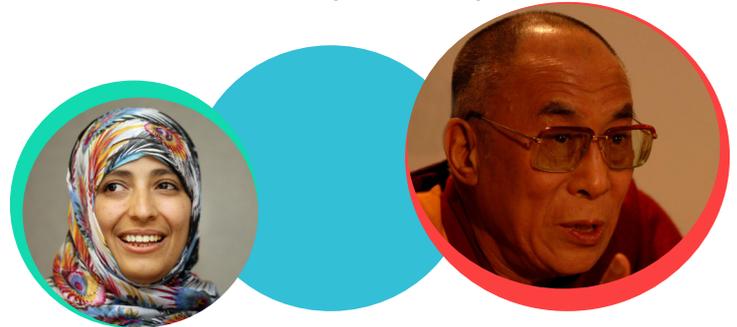

The mission of **PeaceJam** is to create young leaders committed to positive change in themselves, their communities and the world through the inspiration of Nobel Peace Laureates who pass on the spirit, skills, and wisdom they embody.

The story so far...

3000+ youngsters

54 schools

152 teachers

from communities across the EU who are piloting, evaluating, and adapting a proven curriculum* for creating inclusive communities that has been implemented in 39 countries for 20 years.

With your support over 400 youngsters, university students, teachers and youth workers from all over Belgium will gather at the Youth Leadership Conference in March 2020, for the **once-in-a-lifetime opportunity** to work together with **Nobel Peace Laureate Rigoberta Menchú Tum** to create solutions to the most pressing issues of social justice and sustainable development.

We invite you to invest in this powerful new generation of young leaders.

Be part of the PeaceJam story.

* The "Compassion in Action" Curriculum is research-based and enhances the academic and social-emotional skills of youth, fostering the essential character traits necessary to create positive change in the world.
